Parent/Legal Guardian consent for student to participate in College Credit Plus program

If accepted, I hereby grant permission for my student to enroll in the College Credit Plus program at Notre Dame College. I understand:

- Completion of this consent form does not guarantee admission to the College or to a specific course(s). The student must first meet the State admission standards. Then, student(s) must provide a completed online application, middle/high school transcript, ACT/SAT/Accuplacer scores, and meet the admission criteria for Notre Dame College. Student(s) must meet the course placement requirements and prerequisites for all courses.
- Courses taken under Option B will become a part of the students' permanent college academic record, will be included on the high school transcript, and calculated in the high school grade point average.
- If a student fails a course and/or withdraws at the point they would receive a "W", the school district may bill the family for the cost of attendance. Students who withdraw from a college course should consult with both their college academic advisor and their school counselor before doing so.
- The subject matter of the course(s) may include mature adult themes and materials and will not be modified based upon College Credit Plus student participation regardless of where the course instruction occurs (i.e., on college campus, online, at high school location).
- If a student has a documented disability, it is the student's responsibility to request necessary accommodations through the Dwyer Learning Center.
- Priority registration is not provided to CCP students and will register when the freshman registers for courses for the next term.
- Students may not register for more hours than indicated by the school counselor in alignment with state regulations. If a student registers for more than the allotted hours, they will be responsible for the tuition, fees, and books for the course(s) that cause them to exceed allotted hours.

Student Consent for Release of Information

If accepted, I hereby grant permission to Notre Dame College to:

- Notify me, my parent/guardian, and my school district of my acceptance into the College Credit Plus program, my course registration, and if I fail one or more courses as a result of a formal withdrawal process or if I fail to attend class regularly.
- I understand that, in accordance with provisions of law regarding College Credit Plus, the State Department of Education will reimburse Notre Dame College for expenses incurred by registration for authorized courses. I understand, however, that if the course(s) are not completed for any reason or if I fail the course, I may be responsible for payment to my school district for the cost tuition, fees, books and materials required for each course. Further, I understand that for selected courses some materials may be required that must be provided at my own expense.
- I understand that the textbooks and materials provided are the property of the school district and must be returned to the district in an acceptable condition. If they are not, I may be charged full price for their replacement.

- Written approval from the high school counselor must be obtained before a student may officially withdraw from any course.
- If I am a student from a non-public school, I understand that, should the state choose not to fund my participation, I will be responsible for payment of tuition, fees, books and materials required for each course.
- I authorize each high school I have attended to release academic information to Notre Dame College. Furthermore, I authorize Notre Dame College to release any and all information pertinent to my academic performance to my parent(s)/guardian(s) and to the high school in which I am enrolled.
